About Us

UWon Packaging is a leading manufacturer of FIBC and bulk packaging solutions, trusted by global industries for our quality, reliability, and commitment to excellence.

With advanced manufacturing facilities and a skilled team, we deliver durable, cost-effective packaging that meets international standards and supports your business worldwide.

Quality First

Committed to delivering premium quality in every bag.

Advanced Facilities

State-of-the-art infrastructure ensuring efficiency & consistency.

Experienced Team

Skilled professionals driving innovation and excellence.

Global Focus

Serving clients worldwide with reliable packaging solutions.

The Challenges We Solve

Many businesses face critical challenges in bulk packaging and supply chain operations that impact efficiency, cost, and reliability.

Unreliable Supply Chain

Delays and disruptions lead to costly downtime and unmet customer demands.

Inconsistent Packaging Quality

Poor quality or non-standard bags result in product loss and compromised safety.

Rising Costs

Inefficient packaging and rework increase overall operational expenses.

Compliance & Risk

Failure to meet global standards can lead to rejections, fines, and reputational damage.

A Broken Chain Affects Everyone

Customer
Dissatisfaction

These challenges create inefficiencies, increase costs, and impact your bottom line.

It's time for
a better solution.

Our Solution. Your Advantage.

We deliver high-quality FIBC & bulk bags that ensure a reliable, efficient, and seamless supply chain.

Premium Quality Bags

Engineered for strength, safety, and long-lasting performance.

Reliable Supply Chain

Consistent supply and on-time delivery you can count on.

Cost Efficient

Reduce losses, improve efficiency, and lower total cost.

Global Standards

Manufactured to meet international quality and safety standards.

Our Product Range

High-quality FIBC & Bulk Bags for Every Industry Need

Standard FIBC Bag

Versatile and cost-effective solution for a wide range of dry products.

U-Panel FIBC Bag

Ideal for heavy-duty applications with enhanced strength.

FIBC Bag with Filling Spout

Ensures safe, efficient, and dust-free filling of bulk materials.

FIBC Bag with Discharge Spout

Enables controlled and easy discharge for better operational flow.

Baffle FIBC Bag

Maintains shape and maximizes storage and transport efficiency.

Ventilated FIBC Bag

Designed for products that require air circulation and ventilation.

Conductive FIBC Bag

Provides protection against static electricity for safe handling.

Custom FIBC Bag

Tailor-made solutions to meet your unique product and business needs.

FIBC Types

Engineered to Perform. Trusted Worldwide.

1. U-PANEL FIBC BAG

Built with 3 panels for enhanced strength and durability. Ideal for heavy-duty and high SWL applications.

- ✓ High Strength
- ✓ Cost Efficient
- ✓ Better Load Stability
- ✓ Customizable

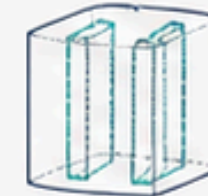

2. CIRCULAR FIBC BAG

Seamless body construction for uniform strength and excellent suitability for fine powders.

- ✓ Uniform Strength
- ✓ Leak Proof Design
- ✓ Ideal for Powders
- ✓ Cost Effective

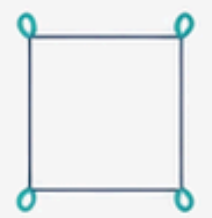

3. BAFFLE FIBC BAG

Internal baffles maintain shape and maximize storage, space and transport efficiency.

- ✓ Higher SWL Capacity
- ✓ Better Stackability
- ✓ Shape Retention
- ✓ Space Saving

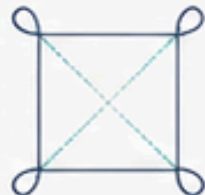

4. 4 LOOP FIBC BAG

Standard 4 loop design for easy lifting, handling and smooth operational performance.

- ✓ Easy Handling
- ✓ Wide Applications
- ✓ Safe Lifting
- ✓ Reliable Performance

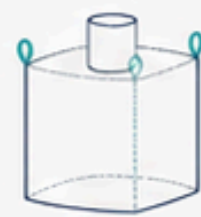

5. CROSS CORNER LOOP BAG

Cross corner loops provide better weight distribution and enhanced lifting stability.

- ✓ Better Balance
- ✓ Enhanced Safety
- ✓ Ideal for Heavy Loads
- ✓ Operational Efficiency

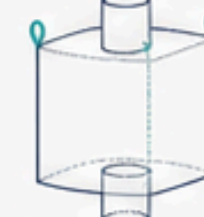

6. FIBC BAG WITH FILLING SPOUT

Top filling spout enables safe, efficient and dust-free filling of powders and granules.

- ✓ Dust-Free Filling
- ✓ Secure & Efficient
- ✓ Spout Options
- ✓ Custom Design

7. FIBC BAG WITH DISCHARGE SPOUT

Bottom discharge spout ensures controlled and efficient unloading of bulk materials.

- ✓ Controlled Discharge
- ✓ Reduced Spillage
- ✓ Spout Options
- ✓ Better Flow Control

8. LINER FIBC BAG

Equipped with inner liner for moisture protection and containment of fine or hazardous materials.

- ✓ Moisture Protection
- ✓ Leak Prevention
- ✓ Ideal for Chemicals
- ✓ Food Grade Options

Built for Strength. Designed for Safety. Delivered with Trust.

High Quality Materials

Custom Solutions

Global Quality Standards

Reliable Performance

TECHNICAL ADVANTAGE

Engineered for Performance. Built for Reliability.

**SAFE WORKING LOAD
(SWL)**

**500 kg –
2000 kg**

Wide SWL range to meet
diverse industrial needs.

**SAFETY FACTOR
(SF)**

5:1 / 6:1

Engineered with high
safety factor for reliable
and safe operations.

**UV PROTECTION
LEVEL**

UP TO 2%

UV stabilized fabric for
superior resistance to sun
degradation and aging.

**LOAD TESTED
UP TO**

2.5x SWL

Each bag is load tested
beyond SWL to ensure
maximum reliability.

BUILT FOR STRENGTH. DESIGNED FOR EXCELLENCE.

HIGH STRENGTH FABRIC

Premium virgin PP fabric
with high tensile strength
and tear resistance.

REINFORCED SEAMS

Double stitched and
taped seams for extra
durability and safety.

STRONG LIFTING LOOPS

Ergonomically designed
loops for safe handling
and longer life.

COATED OPTIONS

Laminated / coated fabric
options for moisture, dust
& chemical resistance.

QUALITY ASSURANCE

ISO compliant processes
with rigorous in-house
testing at every stage.

CUSTOMIZABLE

Size, SWL, fabric, coating,
loops & printing – tailored
to your requirements.

100% Virgin PP
Consistent quality
you can trust.

In-House Testing
Tensile, drop, top load
& safety tests.

Advanced Machinery
State-of-the-art equipment
for precision manufacturing.

Global Compliant
Meets international
standards.

Better Performance
Stronger bags.
Safer operations.
Greater value.

Built with Precision. Driven by Quality.

Our advanced manufacturing facility, skilled workforce, and strict quality controls ensure consistent performance in every bag we produce.

Advanced Machinery

State-of-the-art looms, cutting, sewing, and printing machines for high precision and efficiency.

Skilled Workforce

Experienced professionals ensuring superior craftsmanship and attention to every detail.

Quality Assurance

Multi-stage quality checks throughout the production process for zero compromise.

High Production Capacity

Scalable operations to meet bulk requirements with on-time delivery and consistency.

PRECISION & SPEED FOR THE GLOBAL MARKET

Engineered Excellence for Long-Term Partnerships

HOW WE ACHIEVE IT

VERTICAL INTEGRATION

Full in-house production control from raw material to finished goods.

ADVANCED AUTOMATION

High-speed machines & precision systems for consistent quality.

BUFFER STRATEGY

3-month raw material backup ensuring uninterrupted production & supply.

4-5 WEEKS DELIVERY

While the industry standard is 10-12 weeks, UWon consistently delivers within 4-5 weeks for global clients.

INDUSTRY STANDARD

10-12 WEEKS

UWON STANDARD

4-5 WEEKS

OPERATIONAL STRENGTH

24/7 PRODUCTION CYCLES

Continuous production ensuring maximum output and on-time delivery.

LEAN MANUFACTURING SYSTEM

Eliminating waste, optimizing resources, and improving overall efficiency.

ERP-BASED REAL-TIME TRACKING

End-to-end visibility for better planning, control & transparency.

60%

FASTER DELIVERY

Vs. industry standard

REDUCED INVENTORY COSTS

Lower working capital & holding costs

ZERO PRODUCTION DOWNTIME

Consistent operations, maximum output

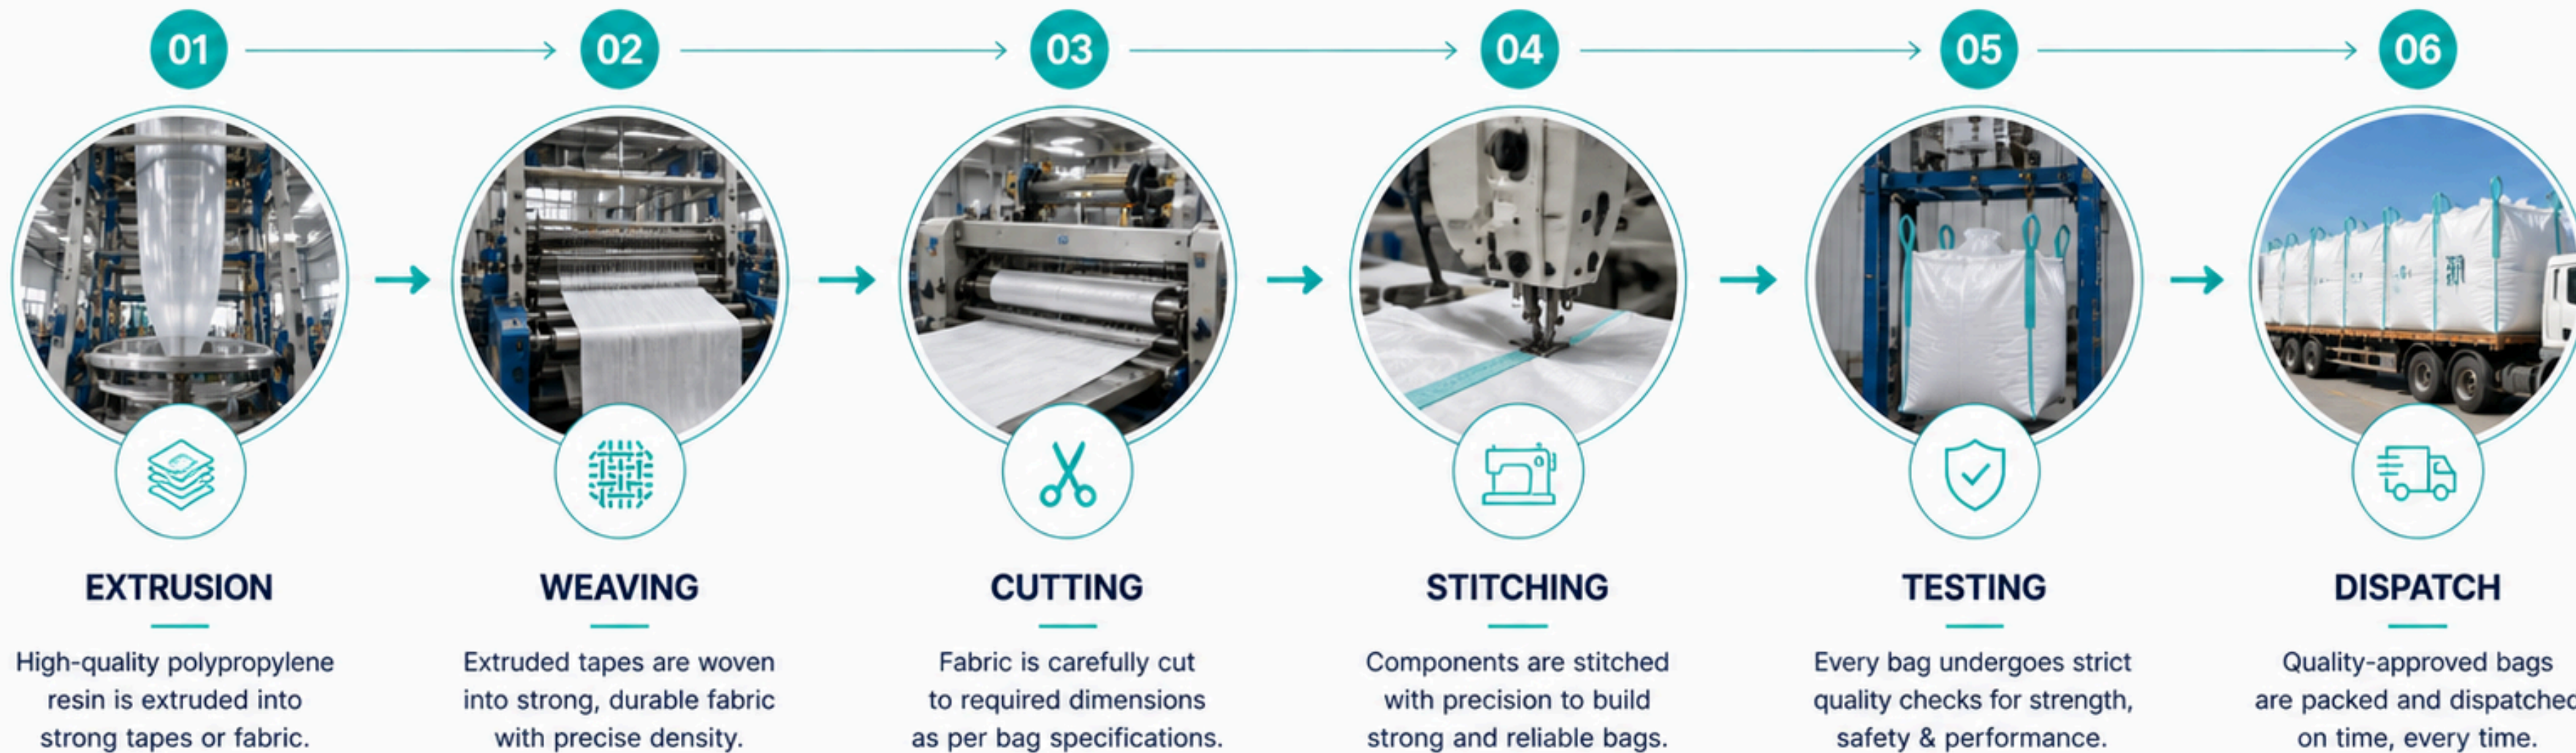

HIGH SUPPLY CHAIN RELIABILITY

Stronger commitments, better partnerships

Our Process Flow

Precision at Every Step. Quality in Every Bag.

Consistent Quality

Controlled processes ensure uniform quality in every bag.

Advanced Technology

State-of-the-art machinery for high precision & efficiency.

Skilled Team

Experienced professionals at every stage of production.

Strict Quality Control

Multi-stage inspection for zero compromise.

On-Time Delivery

Efficient processes ensure reliable & timely dispatch.

From Raw Material to Reliable Bags – Our Process Delivers Strength, Safety & Satisfaction.

Stronger by Design. Trusted Worldwide.

Committed to Uncompromised Quality

Every bag we produce goes through rigorous quality checks to ensure safety, strength, and reliability.

Quality First

Quality is built into every step of our process.

Strict Inspection

Multi-stage inspection ensures zero compromise.

Tested for Performance

Advanced testing for strength, safety & durability.

Continuous Improvement

We constantly upgrade systems to deliver better every day.

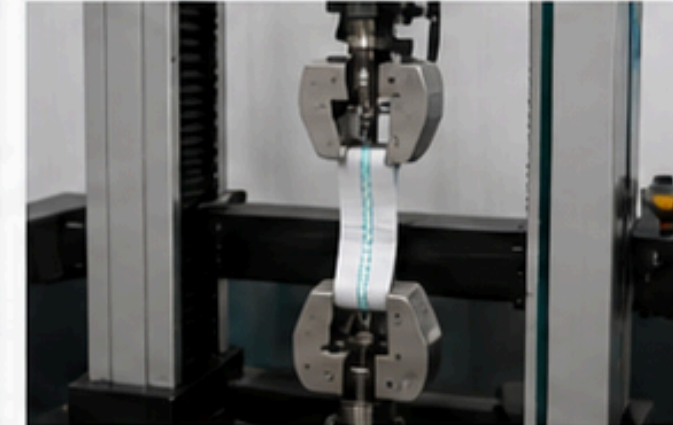

Quality Assured. Performance Guaranteed.

01 FABRIC GSM TEST

Ensures correct fabric weight for required strength.

02 TENSILE STRENGTH TEST

Verifies high strength and load-bearing performance.

03 TOP LOAD TEST

Confirms safe working load and bag durability.

04 DROP TEST

Ensures bag integrity and impact resistance.

05 SEAM STRENGTH TEST

Checks seam strength for leak-proof performance.

06 DIMENSION CHECK

Ensures accuracy in bag size as per specifications.

Every Bag. Every Time.

Tested. Verified. Trusted.

Industries We Serve.

Reliable FIBC Solutions for Every Industry.

AGRICULTURE

Ideal for grains, seeds, fertilizers, and animal feed.

CEMENT & CONSTRUCTION

Strong and durable bags for cement, sand, aggregates, and construction materials.

CHEMICALS

Safe packaging for powders, resins, additives, and industrial chemicals.

FOOD & BEVERAGES

Hygienic and food-grade packaging for sugar, flour, pulses, and more.

MINING & MINERALS

Reliable solutions for sand, minerals, ores, and other bulk materials.

PLASTICS & POLYMERS

Protective packaging for plastics, polymers, and granules.

METALS & ALLOYS

Secure and strong packaging for metal powders, granules, and components.

PETROCHEMICALS

Engineered bags for safe handling of petrochemical products.

PAINTS & COATINGS

Leak-proof and durable bags for powders, pigments, and coating materials.

ENERGY & POWER

Efficient bulk packaging for coal, biofuels, and energy related materials.

Trusted Packaging Across Diverse Industries.

One Solution. Many Industries. Limitless Possibilities.

Why Choose UWon Packaging?

We deliver more than just bags.
We deliver **confidence**.

PREMIUM QUALITY

Engineered FIBCs built for strength, safety, and long-lasting performance.

SAFETY FIRST

Strict quality control and testing ensure maximum safety for your products and people.

GLOBAL STANDARDS

Manufactured to international standards and certified processes you can trust worldwide.

ADVANCED TECHNOLOGY

State-of-the-art machinery and innovation drive precision, consistency, and efficiency.

EXPERIENCED TEAM

Skilled professionals with deep industry expertise and a customer-first approach.

CUSTOM SOLUTIONS

Tailor-made FIBC solutions to meet your unique requirements and applications.

RELIABLE DELIVERY

On-time, every time. Strong logistics network ensures seamless global deliveries.

BUILT ON TRUST

Long-term relationships built on transparency, commitment, and mutual growth.

Quality You Can Trust

Consistent. Certified. Reliable.

Global Reach

Serving 50+ countries with pride.

Customer Focused

Your success is our commitment.

Sustainable Future

Responsible practices for a better tomorrow.

Stronger by Design. Trusted Worldwide.

Our Approach. **Your Success.**

A seamless journey from understanding your needs to delivering reliable FIBC solutions.

Dedicated Support

Single point of contact throughout your journey.

Transparent Communication

Regular updates and clear communication at every step.

Quality Commitment

Every bag, every time.
Tested. Verified. Trusted.

Long-Term Partnership

Building relationships beyond delivery.

Your Requirement. Our Expertise. **Shared Success.**
